IN A STRANGE AND MAGICAL FOREST FULL OF DANGER AND DELIGHT, WHERE EVERYTHING IS GOOD TO EAT AND JOLLY ROUND DINOSAURS BOUNCE AND PLAY IN PEACE LIVED TWO SUCH CREATURES NAMED BUB AND BOB. HOW TO PLAY

Each player starts with three lives. A life is lost each time Bub or Bob is touched by a beastie or one of its weapons (fireballs, bottles, stones or lasers). The game ends when the number of lives reaches zero.

Move Bub and Bob around each level. Capture the beasties by pressing the "B" button and blowing bubbles at them. Trap the beasties in the bubble and smash them with a mighty jump or a high speed charge. Try to eat the food items that are left after the bubbles burst. Get rid of all the beasties and go to the next level.

Bubble Bobble has two worlds. Each one has 113 levels. You must successfully complete the first world to advance into the second one. The secret to completing each world lies in level 99.

HOW TO PLAY (continued)
